Note 1. VALUATION OF UNLISTED / NON-TRADED / THINLY TRADED SECURITIES

Unlisted / Non-traded / thinly traded securities:

free reserves (excluding revaluation reserves) minus Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by Number of Paid up Shares.

- Capital Earning Value per share of the company will be derived by capitalization of Earnings per Share based on the latest available balance sheet, with 25% of Average capitalization rate (P/E ratio) for the industry. As a best practice, in case of thinly traded securities, the rate (Industry P/E) to be used, shall be the latest available rate, on the date the balance sheet based valuation comes into effect. In case P/E is not available for any industry, valuation committee shall arrive at the appropriate methodology for valuation.
- In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalised earning.
- In case where the latest Balance Sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero.
- Average of Net Worth Value per share and Capital Earning Value per share thus derived, shall be further discounted for illiquidity by 15% to derive fair value of unlisted securities and by 10% to derive fair value of thinly traded/ non traded securities.
- In case an individual security accounts for more than 5 per cent of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security. Unlisted / Non-traded / thinly traded equity securities by way of Corporate action:

Unlisted companies emanating by way of corporate action like de-merger etc. shall be valued based on Residual price allocation and inputs from Research Team in case of multiple resultant companies. Valuations will be considered subject to approval from the valuation committee.

In case of corporate actions where the possible re-listing of the demerged entity is envisaged or an adequate guidance is provided by the company, then no discount shall be applied to the derived price of unlisted entity. However, if the said security doesn't get listed within three months post the ex-date then such security shall be considered for a 5% discount. Suitable discount will also be considered if the resultant shares are of a different share class with differential voting rights and differential dividend rates. Discounts so considered will be subject to approval of the Valuation Committee. Prices calculated as above shall then be marked against an appropriate benchmark index on a daily basis to derive daily market price. Cost allocation shall be proportionate to the derived value of resultant scrips.

Note 2. Reduction in Face Value and Refund of Money: If a company reduces its face value and refunds the corresponding proceeds, the same shall be booked as revenue.

Suitable illiquidity discount, if deemed necessary, shall be applied with approval from Valuation Committee

Note 4. Buy Back of the Securities: If a company offers to buy back hundred percent of the shares tendered then shares will be valued at the price of buy back and ignoring the market price. Quantum of shares accepted under buy back will be accounted as a sale trade.

II. Futures & Options

Market values of traded open future/option contracts shall be determined with respect to the exchange on which it is contracted originally, i.e., a future/option contracted on the National Stock Exchange (NSE) would be valued at the Settlement price of future/option on the NSE. • Traded Debt & Money Market Instruments

A money market or debt security shall be considered as traded when, on the date of valuation, there are trades (in marketable lots) in that security on any recognized Stock Exchange or there are trades reported (in marketable lots) on the trade reporting platforms of recognized stock exchanges or CCIL.

<p>1. Valuation of money market and debt securities with residual maturity of upto 30 days</p>	<p>Instruments (including BRDS) shall be valued by amortization on a straight-line basis to maturity from cost, last valuation, whichever is more recent, provided the amortized price is reflective of fair value by comparing it to the reference price. The amortized price may be used for valuation as long as it is within $\pm 0.025\%$ of the reference price. In case the variance exceeds $\pm 0.025\%$, the valuation shall be adjusted to bring it within the $\pm 0.025\%$ band. No further reference need be made to industry traded prices for valuing instruments maturing up to 30 days, as the same are factored in by rating agency while arriving at reference price. The reference price shall be arrived at based on the average of the security level price as provided by the designated valuation agencies.</p> <p>In case security level prices given by valuation agencies are not available for a new security, then such security may be valued on amortization basis on the date of allotment / purchase.</p> <p>With effect from April 1, 2020, the amortization-based valuation shall be dispensed with and irrespective of residual maturity, all money market and debt securities shall be valued at average of security level prices obtained from valuation agencies.</p>

<p>3. Valuation of Government Securities</p>	<p>G-Secs, T-bills and Cash Management Bills (CMBs) will be valued based on average of prices provided by designated agencies, presently CRISIL and ICRA, irrespective of any residual maturity.</p> <p>In case security level prices given by valuation agencies are not available for a new security (which is currently not held by any Mutual Fund), then such security may be valued at purchase yield (weighted) on the date of allotment / purchase.</p>

	<p>Till such time the valuation agencies compute the valuation of money market and debt securities classified as below investment grade, such securities shall be valued on the basis of indicative haircuts provided by these agencies. These indicative haircuts shall be applied on the date of credit event i.e. migration of the security to sub-investment grade and shall continue till the valuation agencies compute the valuation price of such securities.</p> <p>a. Consideration of traded price for valuation: In case of trades during the interim period between date of credit event and receipt of valuation price from valuation agencies, such traded price has to be considered for valuation if it is lower than the price post standard haircut. The said traded price shall be considered for valuation till the valuation price is determined by the valuation agencies. In case of trades after the valuation price is computed by the valuation agencies as referred above and where the traded price is lower than such computed price, such traded price shall be considered for the purpose of valuation and the valuation price may be revised accordingly. The trades referred above shall be of a minimum size as determined by valuation agencies.</p> <p>b) Treatment of accrued interest and future accruals: The indicative haircut that has been applied to the principal should be applied to any accrued interest. In case no Put Trigger Date or Call Trigger Date ('Trigger Date') is available, then valuation would be done to maturity price. In case both Trigger Dates are available, then valuation would be done to the earliest date. <p>If a put option is not exercised by a Mutual Fund when exercising such put option would have been in favour of the scheme, in such cases the justification for not exercising the put option shall be provided to the Board of AMC and Trustees.</p> <p>Any put option inserted subsequent to the issuance of the security shall not be considered for the purpose of valuation.</p>
7. Valuation for Instruments with options	Valuation of securities with Call / Put option will also be based on average of prices as provided by CRISIL and ICRA. In case of G-Secs (including T-Bills) traded on NDS-OM, last traded yield, at the normal market lot, as at the time of IST shall be considered to derive the price. (Eg: An IST is always done on T+0 basis, therefore the traded yield should be used to derive the T+0 price for IST valuation).</p> <p>b. In case of other securities, where there are market trades on the date of IST, weighted average price till the time of IST shall be considered provided the market trades satisfy the following qualifying criteria:</p> <ol style="list-style-type: none"> 1. V. TAX & LEGAL & GENERAL INFORMATION

TAXATION ON INVESTING IN MUTUAL FUNDS

As per the taxation laws in force and the amendments made vide Finance Act, 2020, the tax benefits that are available to the investors investing in the Units of the Schemes are stated herein below. The information so stated is based on the Mutual Fund's understanding of such tax laws in force as guided by the tax consultants.

THE FOLLOWING INFORMATION IS PROVIDED FOR ONLY GENERAL INFORMATION PURPOSES. IN VIEW OF THE INDIVIDUAL NATURE OF TAX BENEFITS, EACH INVESTOR IS ADVISED TO CONSULT WITH HIS OR HER OWN TAX CONSULTANT WITH RESPECT TO THE SPECIFIC TAX AND OTHER IMPLICATIONS ARISING OUT OF THEIR PARTICIPATION IN THE SCHEME.

A. INCOME TAX

TAXATION OF MUTUAL FUND:

Aditya Birla Sun Life Mutual Fund ("Mutual Fund") is registered with SEBI and as such, the entire income of the Fund is exempt from income tax under Section 10(23D) of the Income- Tax Act, 1961 ("the Act"). In view of the provisions of Section 196(iv) of the Act, no income-tax is deductible at source on the income earned by the mutual fund.

Where the Mutual Fund receives any income from investments made in overseas jurisdictions, the said income may be subject to withholding tax in the relevant jurisdiction. Further, as the income of the Mutual Fund is exempt from tax in India, credits/refunds in relation to these foreign taxes may not be available in India.

TAXATION OF UNITHOLDERS:

– DIVIDEND INCOME

- a. Under the provisions of section 10(35) of the Act, income received in respect of the units of a mutual fund specified u/s. 10(23D) will be exempt from income-tax in the hands of all unit holders.

In view of this position, no tax needs to be deducted at source from such distribution by the fund. However, by virtue of the proviso to section 10(35), this exemption does not apply to income arising on 'transfer' of units of a mutual fund.

Finance Act, 2020 withdraws the exemption u/s. 10(35) of the Act in the hands of the unit holders w.e.f. FY 2020-21. Thus, distributed income received by unit holders from the Mutual Fund on or after April 1, 2020 will be taxable in the hands of the unit holders at applicable slab rates. While computing the dividend income chargeable to tax in the hands of the resident unit holder, it is proposed that deduction u/s. 57(iii) would be allowed only for interest expense not exceeding 20% of such dividend income. Deduction would not be permissible for any other expense that the unit holder may incur wholly and exclusively from earning dividend income. Further in computing the dividend income chargeable to tax in the hands of the non-resident unit holder, it is proposed that no deduction would be allowed u/s. 57 and Chapter VI-A against this dividend income.

b. Tax Deduction at Source on Dividend

As a consequence of withdrawal of exemption u/s. 10(35), it is proposed that the Mutual Fund would be required to deduct tax at source on distribution of dividend income.

In case of resident unit holders, rate of TDS is proposed to be 10% u/s. 194K. However, no deduction is required if the amount payable to the unit holder does not exceed Rs. 5,000/- during a financial year.

In case of a non-resident unit holder, rate of TDS is proposed to be 20% (plus applicable surcharge and cess) u/s. 196A.

The concessional rate of 10% shall be available only if STT has been paid on transfer of units of equity oriented mutual funds.

Further, in case of resident individuals and HUFs where taxable income as reduced by such long-term capital gains, is below the basic exemption limit, the long-term capital gains will be reduced to the extent of the

The Units so repurchased shall not be reissued. Redemption requests can be made in amounts/Units. The Redemption / Switch-out request can be made by way of a written request on a pre-printed form or by using the relevant tear off section of the Transaction Slip, which should be submitted at / may be sent by mail to any of the ISCs.

In case the Units are held in the names of more than one Unit holder, where mode of holding is specified as "Joint", Redemption requests will have to be signed by all the joint holders. However, in cases of holding specified as 'Anyone or Survivor', any of the Unit holders will have the power to make Redemption request, without it being necessary for all the Unit holders to sign. However, in all cases, the Redemption proceeds will be paid only to the first named holder.

In case an investor has purchased Units of a scheme of Aditya Birla Sun Life Mutual Fund on more than one Business Day (either during the New Fund Offer Period, or on an ongoing basis), the Units purchased prior in time will be redeemed/switched-out first. Thus, in case of valid application for redemption/switch-out is made by the investor, those Units of the scheme which have been held for the longest period of time will be redeemed/switched-out first i.e. on a First-in-First-Out basis.

The Redemption would be permitted to the extent of clear credit balance in the Unit holder's account. The Redemption request can be made by specifying the rupee amount or by specifying the number of Units to be redeemed. If a Redemption request is for both, a specified rupee amount and a specified number of Units, the specified number of Units will be considered the definitive request. If only the Redemption amount is specified by the Unit holder, the AMC will divide the Redemption amount so specified by the Redemption Price to arrive at the number of Units. The request for Redemption of Units could also be in fractions, upto three decimal places. However, in case of units held in electronic (demat) mode, the redemption request can be given only in number of Units. Also Switch transactions are currently not available in case of units held in electronic (demat) mode. The minimum amount of Redemption may be changed in future by the AMC. If the balance in the account of the Unit holder does not cover the amount of Redemption request, then the Mutual Fund is authorised to close the account of the Unit holder and send the entire such (lesser) balance to the Unit holder.

In accordance with the ELSS Guidelines, unitholders of Aditya Birla Sun Life Tax Relief '96 and Aditya Birla Sun Life Tax Plan can redeem/ switch-out their Units at the Redemption Price only after the expiry of three years from the date of allotment of Units. Redemption Price

Redemption Price will be calculated on the basis of the applicable NAV and exit load. The Redemption Price per Unit will be calculated using the following formula:

Redemption Price = Applicable NAV * (1-Exit Load, if any)

Example of Calculation of Redemption Price:

If the Applicable NAV is Rs. 10.00; Exit / Redemption Load is 2 percent, then the Redemption Price will be calculated as follows:

$$= \text{Rs. } 10.00 * (1-0.02)$$

$$= \text{Rs. } 10.00 * (0.98)$$

$$= \text{Rs. } 9.80$$
