I. INTRODUCTION

A. RISK FACTORS

STANDARD RISK FACTORS:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- The scheme would invest in Equity and Equity related instruments in line with the Investment objective of the scheme. Investments in equity and equity related securities involve a degree of risk and investors should not invest in the equity schemes unless they afford to take the risk of losing their investment.
- As the price / value / interest rate of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down, depending on the various factors and forces affecting the capital markets.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of an amount of Rs. 2 Crs made by them towards setting up the Mutual Fund.
- Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity/ equity related securities and utilising debt and money market instruments as a defensive investment strategy, investors may note that AMC/Fund Managers investment decisions may not be always profitable.
- The present Schemes are not a guaranteed or assured return Scheme.

SPECIFIC RISK FACTORS TO SCHEME:

1. The scheme is an open-ended scheme.
2. The value in the investments is bound to change with changes in the factors affecting the market viz. changes in interest rates, exchange rates, price and volume fluctuations in debt markets, taxation, govt. policies, and other economic and political developments.
3. The Scheme proposes to invest a major part of its portfolio in equity and equity related securities. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities.
4. The Scheme may also invest in overseas financial assets subject to necessary approvals from the concerned regulatory authorities in India within the investment objectives of the scheme. To the extent that the assets of the Scheme are invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.
5. All debt securities are exposed to interest rate risks, credit risks and reinvestment risk.
6. The scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance unitholders interest. In case the scheme utilizes any derivatives under the regulations, the scheme may, in certain situations, be exposed to instrument specific risks. For details please refer to the para on Derivatives.
7. Liquidity of scheme's investment may be inherently restricted by trading volumes and settlement periods. The inability to sell the money market or debt securities held in the scheme's portfolio due to the absence of a well developed and

liquid secondary market for such securities may result, at times in losses to the scheme, in case of subsequent decline in the value of such securities.

8. The prices of securities may be affected by the time taken by the Fund for redemption of units, which could be significant in the event of receipt of a very large number of redemption requests or very large value of redemption requests. The liquidity of the assets may be affected by other factors such as general market conditions, political events, bank holidays and civil strife. In view of this, the Trustee has the right in its sole discretion to limit redemption (including suspension of redemption) under certain circumstances. Please refer to the para "Suspension of Redemption of units" in Statement of Additional Information (SAI) for details. Redemption due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise.
9. Income / growth appreciation indicated herein this document are subject to tax laws in force for the time being. The tax benefits described herein this Scheme Information Document are as available under the present taxation laws with no guarantee whatsoever on the period for which they may be prevalent, and are available subject to conditions. The information given is included for general purpose only and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. In view of the individual nature of tax consequences, each Unit holder is advised to consult his/ her own tax advisor.
10. Investors in the Scheme are not being offered any guaranteed returns. The Fund/AMC is also not assuring or guaranteeing that it will be able to make regular dividend distributions to its Unitholders, though, it has every intention to manage the portfolio so as to make such payments to the Unitholders. Dividend payments will be dependent on the returns achieved by the AMC through active management of the portfolio. Further, it should be noted that the actual distribution of dividends and frequency thereof are indicative and will depend, inter-alia, on availability of distributable surplus. Dividend pay-outs will be entirely at the discretion of Trustees.

RISK ASSOCIATED WITH INVESTMENT IN EQUITIES:

The scheme proposes to invest in equity and equity related instruments. By nature, Equity instruments are volatile and prone to price fluctuations on a daily basis due to both micro and macro factors.

The following are other risks related to investing in equities:

Market risk: Refers to any type of risk due to the market conditions such as volatility in the capital markets, interest rates, changes in Government policies, taxation laws etc. that may negatively affect the prices of the securities invested in by the scheme.

Business risk: Risk related to uncertainty of income due to the nature of a company's business. Government policy regarding implementation of international treaties like WTO etc. could affect the fortunes of many of the related companies where the scheme may invest. Imposition of tariff / non - tariff barriers and restrictions on labour by countries in the target markets may impact corporate earnings.

Liquidity risk related to equity instruments: The liquidity risk is more prominent in case of sectoral securities. However the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Securities that are unlisted carry a higher liquidity risk compared to listed securities.

Settlement Risk: Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities.

Concentration risk: This risk arises from over exposure to few securities/issuers/sectors.

Performance Risk: Performance of the Scheme may be impacted with changes in factors which affect the capital market.

RISK ASSOCIATED WITH INVESTMENT IN DERIVATIVE INSTRUMENTS:

The Scheme may invest in derivative instruments. The derivatives will entail a counter-party risk to the extent of amount that can become due from the party. The cost of hedge can be higher than adverse impact of market movements. An exposure to derivatives in excess of the hedging requirements can lead to losses. An exposure to derivatives can also limit the profits from a genuine investment transaction. Efficiency of a derivatives market depends on the development of a liquid and efficient market for underlying securities and also on the suitable and acceptable benchmarks.

RISK ASSOCIATED WITH INVESTMENT IN DEBT SECURITIES:

1. All debt securities are exposed to interest rate risks, credit risks and reinvestment risk. Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern e.g. corporate bonds carry a higher amount of risk than government securities. Further even among corporate bonds, bond which AAA rated are comparatively less risky than bonds which are AA rated.
2. Liquidity of scheme's investment may be inherently restricted by trading volumes and settlement periods. The inability to sell the money market or debt securities held in the scheme's portfolio due to the absence of a well developed and liquid secondary market for such securities may result, at times in losses to the scheme, in case of subsequent decline in the value of such securities.

RISK ASSOCIATED WITH FLOATING RATE SECURITIES:

The fund may invest in floating rate instruments. These instruments' coupon will be reset periodically in line with the benchmark index movement. The changes in the prevailing rates of interest will affect the value of the Plan's holdings and thus the value of the Plan's Units. The fund could be exposed to the interest rate risk (i) to the extent of time gap in resetting of the benchmark rates, and (ii) to the extent the benchmark index fails to capture the interest rate movement. Though the basis (i.e. benchmark) gets readjusted on a regular basis, the spread (i.e. markup) over benchmark remains constant. This can result in some volatility to the holding period return of floating rate instruments. If the floating rate asset is created by swapping the fixed return to a floating rate return then there may be an additional risk of counter-party who will pay floating rate return and receive fixed rate return. Due to the evolving nature of the floating rate market, there may be an increased degree of liquidity risk in the portfolio from time to time.

Risk associated with investments in repo of corporate debt securities

Counterparty Risk:

The Scheme may be exposed to counter-party risk in case of repo lending transactions in the event of the counterparty failing to honor the repurchase agreement. However, in repo lending transactions, the collateral may be sold and a loss is realized only if the sale value of the collateral is less than the repo amount. The risk may be further mitigated through over-collateralization (the value of the collateral being more than the repo amount). Further, the liquidation of underlying securities in case of counterparty default would depend on liquidity of the securities and market conditions at that time. It is endeavored to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation and over-collateralization to cushion the impact of market risk on sale of underlying security.

Collateral Risk:

Collateral risk arises when the market value of the underlying securities is inadequate to meet the repo obligations or there is downward migration in rating of collateral. Further if the rating of collateral goes below the minimum required rating during the term of repo or collateral becomes ineligible for any reason, counterparty will be expected to substitute the collateral. In case of failure to do so, AMC will explore the option for early termination of the repo trade.

Settlement Risk:

Corporate Debt Repo (CDR) shall be settled between two counterparties in the OTC segment unlike in the case of Government securities repo transactions where CCIL stands as central counterparty on all transactions which neutralizes the settlement risk. However, the settlement risk pertaining to CDRs shall be mitigated through Delivery versus Payment (DvP) mechanism which is followed by all clearing members.

RISK ASSOCIATED WITH OVERSEAS FINANCIAL ASSETS:

The Scheme may also invest in overseas financial assets subject to necessary approvals from the concerned regulatory authorities in India within the investment objectives of the scheme. To the extent that the assets of the Scheme are invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.

RISKS ASSOCIATED WITH INVESTMENTS IN FOREIGN SECURITIES:

The schemes may also invest in ADRs/GDRs and other foreign securities as permitted by RBI and SEBI. To the extent that some part of the assets of the scheme may be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by the changes in value of certain foreign currencies relative to the Indian rupee. The repatriation of capital also may be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.

RISK FACTORS RELATED TO SECURITISED DEBT:

Different types of Securitised Debts in which the scheme would invest carry different levels and types of risks. Accordingly, the scheme's risk may increase or decrease depending upon its investments in Securitised Debts e.g. AAA securitised bonds will have low Credit Risk than a AA securitised bond. Credit Risk on Securitised Bonds may also depend upon the Originator, if the bonds are issued with Recourse to Originator. A bond with Recourse will have a lower Credit Risk than a bond without Recourse. Underlying assets in Securitised Debt may be the receivables from Auto Finance, Credit Cards, Home Loans or any such receipts. Credit risk relating to these types of receivables depend upon various factors including macro-economic factors of these industries and economies. To be more specific, factors like nature and adequacy of property mortgaged against these borrowings, loan agreement, mortgage deed in case of Home Loan, adequacy of documentation in case of Auto Finance and Home Loan, capacity of borrower to meet its obligation on borrowings in case of Credit Cards and intentions of the borrower to influence the risks relating to the assets (borrowings) underlying the Securitised Debts. Holders of Securitised Assets may have Low Credit Risk with Diversified Retail Base on Underlying Assets, especially when Securitised Assets are created by High Credit Rated Tranches. Risk profiles of Planned Amortization Class Tranches (PAC), Principal Only Class Tranches (PO) and Interest Only Class Tranches (IO) will also differ, depending upon the interest rate movement and Speed of Pre-payments. A change in market interest rates/prepayments may not change the absolute amount of receivables for the investors, but affects the reinvestment of the periodic cash flows that the investor receives in the securitised paper.

Securitization: Background, Risk Analysis, Mitigation, Investment Strategy and Other Related Information

A securitization transaction involves sale of receivables by the originator (a bank, non-banking finance company, housing finance company, or a manufacturing/service company) to a Special Purpose Vehicle (SPV), typically set up in the form of a trust. Investors are issued rated Pass Through Certificates (PTCs), the proceeds of which are paid as consideration to the originator. In this manner, the originator, by selling his loan receivables to an SPV, receives consideration from investors much before the maturity of the underlying loans. Investors are paid from the collections of the underlying loans from borrowers. Typically, the transaction is provided with a limited amount of credit enhancement (as stipulated by the rating agency for a target rating), which provides protection to investors against defaults by the underlying borrowers.

Generally available asset classes for securitization in India are:

- Commercial vehicles
- Auto and two wheeler pools
- Mortgage pools (residential housing loans)
- Personal loan, credit card and other retail loans
- Corporate loans/receivables

In pursuance to SEBI communication dt: August 25, 2010, given below are the requisite details relating to investments in Securitized debt:

1. Risk profile of securitized debt vis-à-vis risk appetite of the scheme

The Scheme aims to invest in a portfolio of fixed income securities/ debt instruments maturing on or before the maturity of the Plan under the Scheme. In this scheme the fund manager ensures that the scheme maturity matches the maturity of the underlying securities and as securitized debt instruments are relatively illiquid the fund manager buys these with the view to hold them till maturity. Investment in these instruments will help the fund in aiming at reasonable returns. These returns come with a certain degree of risks, which are covered separately in the Scheme Information Document. Accordingly, the medium risk profile of the securitized debt instruments matches that of the prospective investors of this fund and hence can be considered in the fund universe.

2. Policy relating to originators based on nature of originator, track record, NPAs, losses in earlier securitized debt, etc. and

3. Risk mitigation strategies for investments with each kind of originator.

For a complete understanding of the policy relating to selection of originators, we have first analysed below risks attached to a securitization transaction.

In terms of specific risks attached to securitization, each asset class would have different underlying risks, however, residential mortgages are supposed to be having lower default rates as an asset class. On the other hand, repossession and subsequent recovery of commercial vehicles and other auto assets is fairly easier and better compared to mortgages. Some of the asset classes such as personal loans, credit card receivables etc., being unsecured credits in nature, may witness higher default rates. As regards corporate loans/receivables, depending upon the nature of the underlying security for the loan or the nature of the receivable the risks would correspondingly fluctuate. However, the credit enhancement stipulated by rating agencies for such asset class pools is typically much higher, which helps in making their overall risks comparable to other AAA/AA rated asset classes.

The Scheme may invest in securitized debt assets. These assets would be in the nature of Asset Backed securities (ABS) and Mortgage Backed securities (MBS) with underlying pool of assets and receivables like housing loans, auto loans and single corporate loan originators. The Scheme intends to invest in securitized instruments rated AAA/AA by a SEBI recognized credit rating agency.

Before entering into any securitization transaction, the risk is assessed based on the information generated from the following sources:

1. Rating provided by the rating agency
2. Assessment by the AMC

Assessment by a Rating Agency

In its endeavour to assess the fundamental uncertainties in any securitization transaction, a credit rating agency normally takes into consideration following factors:

1. Credit Risk

Credit risk forms a vital element in the analysis of securitization transaction. Adequate credit enhancements to cover defaults, even under stress scenarios, mitigate this risk. Evaluating following risks does this:

- Asset risk
- Originator risk
- Portfolio risk
- Pool risks

The quality of the pool is a crucial element in assessing credit risk. In the Indian context, generally, pools are 'cherry-picked' using positive selection criteria. To protect the investor from adverse selection of pool contracts, the rating agencies normally take into consideration pool characteristics such as pool seasoning (seasoning represents the number of instalments paid by borrower till date: higher seasoning represents better quality), over dues at the time of selection and

Loan to Value (LTV). To assess its risk profile vis-à-vis the overall portfolio, the pool is analysed with regard to geographical location, borrower profile, LTV, and tenure.

2. Counterparty Risk

There are several counter parties in a securitization transaction, and their performance is crucial. Unlike in the case of credit risks, where the risks emanate from a diversified pool of retail assets, counterparty risks result in either performance or non-performance. The rating agencies generally mitigate such risks through the usage of stringent counterparty selection and replacement criteria to reduce the risk of failure. The risks assessed under this category include:

- Servicer risk
- Commingling risk
- Miscellaneous other counterparty risks

3. Legal Risks

The rating agency normally conducts a detailed study of the legal documents to ensure that the investors' interest is not compromised and relevant protection and safeguards are built into the transaction.

4. Market Risks

Market risks represent risks not directly related to the transaction, but other market related factors, stated below, which could have an impact on transaction performance, or the value of the investments to the investors.

- Macro-economic risks
- Prepayment risks
- Interest rate risks

Other Risks associated with investment in securitized debt and mitigation measures:

Limited Recourse and Credit Risk

Certificates issued on investment in securitized debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay-outs to the investors (i.e. the Schemes) and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low. Housing Loans, Commercial Vehicle loans, Motorcar loans, Two wheeler loans and personal loans will stake up in that order in terms of risk profile.

Risk Mitigation: In addition to careful scrutiny of credit profile of borrower/pool additional security in the form of adequate cash collaterals and other securities may be obtained to ensure that they all qualify for similar rating.

Bankruptcy Risk

If the originator of securitized debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', and then the Scheme could experience losses or delays in the payments due.

Risk Mitigation: Normally, specific care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'. It is also in the interest of the originator to demonstrate the transaction as a true sell to get the necessary revenue recognition and tax benefits.

Limited Liquidity and Price risk

Presently, secondary market for securitized papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the investor to resell them. Even if a secondary market

develops and sales were to take place, these secondary transactions may be at a discount to the initial issue price due to changes in the interest rate structure.

Risk Mitigation: Securitized debt instruments are relatively illiquid in the secondary market and hence they are generally held to maturity. The liquidity risk and HTM nature is taken into consideration at the time of analysing the appropriateness of the securitization.

Risks due to possible prepayments: Weighted Tenor / Yield

Asset securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments Full prepayment of underlying loan contract may arise under any of the following circumstances;

- Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or
- Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or
- The Servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same.
- In the event of prepayments, investors may be exposed to changes in tenor and yield.

Risk Mitigation: A certain amount of prepayments is assumed in the calculations at the time of purchase based on historical trends and estimates. Further a stress case estimate is calculated and additional margins are built in.

Bankruptcy of the Investor's Agent

If Investor's agent becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the recourse of Investor's Agent to the assets/receivables is not in its capacity as agent/Trustee but in its personal capacity, then an Investor could experience losses or delays in the payments due under the swap agreement.

Risk Mitigation: All possible care is normally taken in structuring the transaction and drafting the underlying documents so as to provide that the assets/receivables if and when held by Investor's Agent is held as agent and in Trust for the Investors and shall not form part of the personal assets of Investor's Agent.

Assessment by the AMC

Mapping of structures based on underlying assets and perceived risk profile the scheme will invest in securitized debt originated by Banks, NBFCs and other issuers of investment grade credit quality and established track record. The AMC will evaluate following factors, while investing in securitized debt:

Originator

Acceptance evaluation parameters (for pool loan and single loan securitization transactions)

Track Record

We ensure that there is adequate past track record of the Originator before selection of the pool including a detailed look at the number of issuances in past, track record of issuances, experience of issuance team, etc.

Willingness to Pay

As the securitized structure has underlying collateral structure, depending on the asset class, historical NPA trend and other pool / loan characteristics, a credit enhancement in the form of cash collateral, such as fixed deposit, bank, guarantee etc. is obtained, as a risk mitigation measure.

Ability to Pay

This assessment is based on a strategic framework for credit analysis, which entails a detailed financial risk assessment.

A traditional SWOT analysis is used for identifying company specific financial risks. One of the most important factors for assessment is the quality of management based on its past track record and feedback from market participants. In order to

assess financial risk a broad assessment of the issuer's financial statements is undertaken to review its ability to undergo stress on cash flows and asset quality.

Business risk assessment, wherein following factors are considered:

- Outlook for the economy (domestic and global)
- Outlook for the industry
- Company specific factors

In addition a detailed review and assessment of rating rationale is done including interactions with the company as well as agency

Critical Evaluation Parameters (for pool loan and single loan securitization transactions) Typically we would avoid investing in securitization transaction (without specific risk mitigant strategies / additional cash/security collaterals/ guarantees) if we have concerns on the following issues regarding the originator / underlying issuer:

1. High default track record/ frequent alteration of redemption conditions / covenants
2. High leverage ratios – both on a standalone basis as well on a consolidated level/ group level
3. Higher proportion of re-schedulement of underlying assets of the pool or loan, as the case may be
4. Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
5. Poor reputation in market
6. Insufficient track record of servicing of the pool or the loan, as the case may be.

Advantages of Investments in Single Loan Securitized Debt:

1. Wider Coverage: A Single Loan Securitized Debt market offers a more diverse range of issues / exposures as the Banks / NBFCs lend to larger base of borrowers.
2. Credit Assessment: Better credit assessment of the underlying exposure as the Banks / NBFCs ideally co-invest in the same structure or take some other exposure on the same borrower in some other form.
3. Better Structuring: Single Loan Securitized Debt investments facilitate better structuring than investments in plain vanilla debt instruments as it is governed by Securitization guidelines issued by RBI.
4. Better Legal documentation: Single Loan Securitized Debt structures involve better legal documentation than Non Convertible Debenture (NCD) investments.
5. End use of funds: Securitized debt has better standards of disclosures as well as limitation on end use of funds as compared to NCD investments wherein the end use is general corporate purpose.
6. Yield enhancer: Single Loan Securitized Debt investments give higher returns as compared to NCD investments in same corporate exposure.
7. Regulator supervision: Macro level supervision from RBI in Securitization Investments as compared to NCD investments.
8. Tighter covenants: Single Loan Securitized Debt structures involve tighter financial covenants than NCD investments.

Disadvantages of Investments in Single Loan Securitized Debt

- 1 Liquidity risk: Investments in Single Loan Securitized Debts have relatively less liquidity as compared to investments in NCDs.
- 2 Co-mingling Risk: Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Table below lists the major risks and advantages of investing in Single Loan securitizations

Risks	PTC	NCD	Risk Mitigants
Liquidity Risk	Less	Relatively High	Liquidity Risk is mitigated by investing in structures which are in line with product maturity, also by taking cash collateral, bank guarantees etc
Advantages	PTC	NCD	
Wider Coverage/Issuers	High	Relatively Less	
Credit Assessment	High	Relatively less	
Structure	Higher Issuances	Relatively less	
Legal Documentation	More regulated	Relatively less regulated	
End use of funds	Targeted end use	General Purpose use	
Yield Enhancer	High	Less	
Covenants	Tighter Covenants	Less	
Secondary Market Issuances	Higher issuances	Lower issuances	

Table below illustrates the framework that will be applied while evaluating investment decision relating to a pool securitization transaction:

Characteristics/Type of Pool	Mortgage Loan	Commercial Vehicle and Construction Equipment	CAR	2 wheelers	Micro Finance Pools	Personal Loans
Approximate Average Maturity (in months)	36-120 months	12-60 months	12-60 months	15-48 months	15-80 weeks	5 months – 3 years
Collateral margin (including cash, guarantees, excess interest spread, subordinate tranche)	3-10%	4-12%	4-13%	4-15%	5-15%	5-15%
Average Loan to Value Ratio	75%-95%	80%-98%	75%-95%	70%-95%	Unsecured	Unsecured
Average seasoning of the Pool	3-5 months	3-6 months	3-6 months	3-5 months	2-7 weeks	1-5 months
Maximum Single exposure range	4-5%	3-4%	NA (retail Pool)	NA (Retail Pool)	NA (Very Small Retail Loan)	NA (Retail Pool)
Average single exposure range %	0.5%-3%	0.5%-3%	<1% of the Fund size	<1% of the Fund size	<1% of the Fund size	<1% of the Fund size

Notes:

1. Retail pools are the loan pools relating to Car, 2 wheeler, micro finance and personal loans, wherein the average loan size is relatively small and spread over large number of borrowers.
2. Information illustrated in the Tables above, is based on the current scenario relating to Securitized Debt market and is subject to change depending upon the change in the related factors.

3. The level of diversification with respect to the underlying assets, and risk mitigation measures for less diversified investments.

Majority of our securitized debt investments shall be in asset backed pools wherein we'll have underlying assets as Medium and Heavy Commercial Vehicles, Light Commercial Vehicles (LCV), Cars, and Construction Equipment etc. Where we invest in Single Loan Securitization, as the credit is on the underlying issuer, we focus on the credit review of the borrower. A credit analyst sets up limit for various issuers based on independent research taking into account their historical track record, prevailing rating and current financials. In addition to the framework as per the table above, we also take into account following factors, which are analysed to ensure diversification of risk and measures identified for less diversified investments:

Size of the loan: We generally analyse the size of each loan on a sample basis and analyse a static pool of the originator to ensure the same matches the Static pool characteristics. Also indicates whether there is excessive reliance on very small ticket size, which may result in difficult and costly recoveries. To illustrate, the ticket size of housing loans is generally higher than that of personal loans. Hence in the construction of a housing loan asset pool for say Rs.10000000/- it may be easier to construct a pool with just 10 housing loans of Rs.1000000/- each rather than to construct a pool of personal loans as the ticket size of personal loans may rarely exceed Rs.500000/- per individual. Also to amplify this illustration further, if one were to construct a pool of Rs.10000000/- consisting of personal loans of Rs.100000/-- each, the larger number of contracts (100 as against one of 10 housing loans of Rs.10 lakh each) automatically diversifies the risk profile of the pool as compared to a housing loan based asset pool.

Average original maturity of the pool: indicates the original repayment period and whether the loan tenors are in line with industry averages and borrower's repayment capacity. To illustrate, in a car pool consisting of 60-month contracts, the original maturity and the residual maturity of the pool viz. number of remaining instalments to be paid gives a better idea of the risk of default of the pool itself. If in a pool of 100 car loans having original maturity of 60 months, if more than 70% of the contracts have paid more than 50% of the instalments and if no default has been observed in such contracts, this is a far superior portfolio than a similar car loan pool where 80% of the contracts have not even crossed 5 instalments.

Default rate distribution: We generally ensure that all the contracts in the pools are current to ensure zero default rate distribution. Indicates how much % of the pool and overall portfolio of the originator is current, how much is in 0-30 DPD (days past due), 30-60 DPD, 60-90 DPD and so on. The rationale here being, as against 0-30 DPD, the 60-90 DPD is certainly a higher risk category.

Geographical Distribution: Regional/state/ branch distribution is preferred to avoid concentration of assets in a particular region/state/branch.

Risk Trenching: Typically, we would avoid investing in mezzanine debt or equity of Securitized debt in the form of sub ordinate tranche, without specific risk mitigation strategies / additional cash / security collaterals/ guarantees, etc. Also refer Paragraphs 2 and 3 above for risk assessment process.

4. Minimum retention period of the debt by originator prior to securitization:

Issuance of securitized debt is governed by the Reserve Bank of India. RBI norms cover the "true sale" criteria including credit enhancement and liquidity enhancements. In addition, RBI has proposed minimum holding period of between nine and twelve months for assets before they can be securitized. The minimum holding period depends on the tenor of the securitization transaction. The Fund will invest in securitized debt that is Compliant with the laws and regulations.

5. Minimum retention percentage by originator of debts to be securitized

Issuance of securitized debt is governed by the Reserve Bank of India. RBI norms cover the "true sale" criteria including credit enhancement and liquidity enhancements, including maximum exposure by the originator in the PTCs. In addition, RBI has proposed minimum retention requirement of between five and ten percent of the book value of the loans by the

originator. The minimum retention requirement depends on the tenor and structure of the securitization transaction. The Fund will invest in securitized debt that is compliant with the laws and regulations.

Refer the Table in paragraph 2 and 3 above, which illustrates the average seasoning of the debt by the originator prior to securitization. Further, also refer the same Table, which illustrates additional collaterals taken against each type of asset class, which is preferred over the minimum retention percentage by the originator of the loan.

6. The mechanism to tackle conflict of interest when the mutual fund invests in securitized debt of an originator and the originator in turn makes investments in that particular scheme of the fund.

Investments made by the scheme in any asset are done based on the requirements of the scheme and is in accordance with the investment policy. All Investments are made entirely at an arm's length basis with no consideration of any existing / consequent investments by any party related to the transaction (originator, issuer, borrower etc.). Investments made in Securitized debt are made as per the Investment pattern of the Scheme and are done after detailed analysis of the underlying asset. There might be instances of Originator investing in the same scheme but both the transactions are at arm's length and avoid any conflict of interest. In addition to internal controls in the fixed income investment process, there is regular monitoring by the compliance team, risk management group, and internal review teams. Normally the issuer who is securitizing instrument is in need of money and is unlikely to have long-term surplus to invest in mutual fund scheme.

7. In general, the resources and mechanism of individual risk assessment with the AMC for monitoring investment in securitized debt.

The risk assessment process for securitized debt, as detailed in the preceding paragraphs, is same as any other credit. Credit analyst does the investments in securitized debt after appropriate research. The ratings are monitored for any movement. Monthly Pool Performance MIS is received from the trustee and is analysed for any variation. The entire securitized portfolio is published in the fact sheet and disclosed in the web site for public consumption with details of underlying exposure and originator.

Note: The information contained herein is based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

Credit Rating of the Transaction / Certificate

The credit rating is not a recommendation to purchase, hold or sell the Certificate in as much as the ratings do not comment on the market price of the Certificate or its suitability to a particular investor. There is no assurance by the rating agency either that the rating will remain at the same level for any given period of time or that the rating will not be lowered or withdrawn entirely by the rating agency.

RISKS ASSOCIATED WITH SHORT SELLING AND SECURITIES LENDING & BORROWING

The scheme will not indulge in any Stock Lending & borrowing and Short Selling activities.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such limit is breached during the NFO of the Scheme, the Fund will endeavour to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 day's notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS:

- Changes in Government Policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Scheme.
- The NAV of the scheme may be affected by changes in the general market conditions, factors and forces affecting capital market in particular, level of interest rates, various market related factors, settlement periods and transfer procedures.
- Mutual Funds are vehicles of securities investments that are subject to market and other risks and there can be no guarantee against loss resulting from investing in the Scheme. The various factors that impact the value of the Scheme' investments include, but are not restricted to, fluctuations in the markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc.
- Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustees, the Mutual Fund, the AMC, their directors or their employees shall not be liable for any tax consequences that may arise.
- Execution of investment strategies depends upon the ability of the fund manager to identify such opportunities which may not be available at all times and that the decisions made by the fund manager may not always be profitable. Investors may note that AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with anticipated trends.
- Investors should study this Scheme Information Document carefully in its entirety and should not construe the contents hereof as advise relating to legal, taxation, investment or any other matters. Investors may, if they wish, consult their legal, tax, investment and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest/redeem Units.
- Neither this Document nor the Units have been registered in any jurisdiction. The distribution of this Document in certain jurisdictions may be restricted or totally prohibited due to registration requirements and accordingly, persons who come into possession of this Document are required to inform themselves about and to observe any such restrictions and or legal compliance requirements.
- No person has been authorized to issue any advertisement or to give any information or to make any representations other than that contained in this Document. Circulars in connection with this offering not authorized by the Mutual Fund and any information or representations not contained herein must not be relied upon as having been authorized by the Mutual Fund.

The Fund may invest, subject to necessary approvals, in ADR's / GDR's of Indian Companies listed overseas. The Fund will employ necessary measures to manage foreign exchange movements arising out of such investments. The Fund may also invest in overseas securities with the approval of RBI/SEBI, subject to such guidelines as may be issued by RBI/SEBI.

The Fund may also use trading in derivatives for the purpose of hedging and portfolio balancing in accordance with SEBI regulations.

The cumulative gross exposure to equity, debt derivative positions and repo in corporate debt securities will not exceed 100% of the net assets of the scheme.

Changes in investment pattern:

Depending upon the market conditions, market opportunities available, the political and economic factors and subject to the Regulations, the percentage investments of the fund may vary at times, based on the perception of the Fund Manager within the overall investment objective of the scheme.

Investment of subscription money:

Pending deployment of funds of the scheme in securities in terms of investment objectives of the scheme, the AMC can invest the funds of the scheme in money market instruments. The income earned on such investments will be merged with the income of the scheme.

Trading in Derivatives

SEBI has permitted Mutual Funds to participate in derivatives trading subject to observance of guidelines issued by it in this behalf. Accordingly, Mutual Funds may use various derivative products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unit holders' interest.

The scheme intends to use long call options. The Fund will invest only in exchange traded options, and not in OTC (Over The Counter) derivatives. The Mutual Fund would comply with the provisions of SEBI Circular Ref. No. DNP/Cir-29/2005 dated September 14, 2005 and SEBI circular Ref. No. Cir/IMD/DF/11/ 2010 dated August 18, 2010 and such other amendments issued by SEBI from time to time while trading in derivatives.

Presently, the position limits for trading in derivatives by Mutual Fund specified by SEBI vide its circular Ref. No. DNP/Cir-29/2005 dated September 14, 2005, circular Ref. No. DNP/Cir-30/2006, dated January 20, 2006 and September 22, 2006 are as follows:

Position Limits

The position limits for Mutual Funds and its schemes shall be under:

(i) Position limit for Mutual Funds in index options contracts

- a) The Mutual Fund position limit in all index options contracts on a particular underlying index shall be INR 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
- b) This limit would be applicable on open positions in all options contracts on a particular underlying index.

(ii) Position limit for Mutual Funds in index futures contracts

- a) The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be INR 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
- b) This limit would be applicable on open positions in all futures contracts on a particular underlying index.

(iii) Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:

- a) Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
- b) Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

(iv) Position limit for Mutual Funds for stock based derivative contracts

- a) For stocks having applicable market-wise position limit (MWPL) of INR 500 crores or more, the combined futures and options position limit shall be 20% of applicable MWPL or INR 300 crores, whichever is lower and within which stock futures position cannot exceed 10% of applicable MWPL or INR 150 crores, whichever is lower.
- b) For stocks having applicable market-wise position limit (MWPL) less than INR 500 crores, the combined futures and options position limit would be 20% of applicable MWPL and futures position cannot exceed 20% of applicable MWPL or INR 50 crore whichever is lower.
- c) The MWPL and client level position limits however would remain the same as prescribed.

(v) Position limit for each scheme of a Mutual Fund

The scheme-wise position limit requirements shall be:

- a) For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
 1. 1% of the free float market capitalization (in terms of number of shares). Or
 2. 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
- b) This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.

c) For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

Further, the exposure limits for trading in derivatives by Mutual Fund specified by SEBI vide its circular Ref. No. Cir/IMD/DF/11/2010 dated August 18, 2010, is as follows:

1. The cumulative gross exposure through equity, debt and derivative positions should not exceed 100% of the net assets of the scheme.
2. Mutual Funds shall not write options or purchase instruments with embedded written options.
3. The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.
4. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
5. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
 - Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1
 - Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
6. Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.
7. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point 1 above.
8. Definition of Exposure in case of derivatives positions: Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts.

Investment Process and Recording of Investment Decisions

The AMC through its various policies and procedures defines prudential and concentration limits to de-risk the portfolio. The investment management team is allowed full discretion to make sale and purchase decisions within the limits established. The responsibility for the investment decisions is with the portfolio managers and the CEO of the AMC does not have any role in the day to day decision making process. All the decisions will be recorded alongwith their justifications. The AMC and Trustee will review the performance of the scheme in their Board meetings. The performance would be compared with the performance of the benchmark index and with peer group in the industry

Investments in repo of corporate debt securities.

The Scheme shall participate in repo transactions in corporate debt securities subject to following guidelines:

A. Category and Credit Rating of Counterparty:

The AMC follows an issuer selection and approval process for fixed income investments and the same shall be used for selection of counterparties for repo in corporate debt securities. Repo transactions shall be carried out with only those counterparties which are AAA and listed.

B. Eligible Collateral:

The underlying collateral will be PSU entity with AAA rating and the residual maturity of the same will not be more than 10 years.

C. Tenor of Repo:

As per the current RBI guidelines, repo in corporate debt securities shall be undertaken for a minimum period of one day and a maximum period of one year.

In terms of Regulation 44 (2) of the SEBI (Mutual Funds) Regulations, 1996, mutual funds shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months and not exceeding 20% of the net asset of the borrowing Scheme. The tenor of repo transaction shall be always within the residual maturity of the collateral.

D. Applicable Hair-Cut:

The applicable minimum haircut of the collateral is 5%, irrespective of counterparty and/or underlying collateral.

E. Exposure Limits:

The Scheme(s) will comply with following exposure limits while participating in repo in corporate debt securities or such other limits as may be prescribed by SEBI and/or RBI from time to time:

- a) The gross exposure to repo transactions in corporate debt securities shall not be more than 10% of the net assets of the respective Scheme(s).

Further the amount lent to counter-party under repo transaction in corporate debt securities will be included in single issuer debt instrument limit.

- b) The cumulative gross exposure through repo transactions in corporate debt securities along with equity, debt, and derivatives shall not exceed 100% of the net assets of the respective Scheme(s).
- c) The exposure limit/investment restrictions prescribed under the Seventh Schedule of the SEBI (Mutual Funds) Regulations and circulars issued thereunder (wherever applicable) shall be applicable to repo transactions in corporate debt securities.

F. Disclosure

The details of repo transactions of the Schemes in corporate debt securities, including details of counterparties, amount involved and percentage of the net asset value shall be disclosed to investors in the half yearly portfolio statements.

Investments by the Schemes of the AMC and other AMC

The Scheme may, in line with its investment objectives, invest in another Scheme under the management of AMC or of any other Asset Management Company. The aggregate Inter-scheme investment by LIC MF under all its Schemes, other than fund of fund schemes, taken together, in another Scheme managed by AMC or in any other Scheme of any other Mutual Fund, shall not be more than 5% of the net asset value of the Fund. No fee shall be charged by the AMC on any investment in another Scheme under the management of AMC or of any other Asset Management Company.

Investments in the Scheme by the AMC, Sponsor, or their affiliates in the Scheme

The AMC, Sponsor, Trustee and their associates or affiliates may invest in the scheme during the New Fund Offer Period or through Stock Exchange subject to the SEBI Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time. As per the existing SEBI Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the scheme.

Investment of Subscription Money

The AMC shall commence investment out of the NFO proceeds received in accordance with the investment objectives of the Scheme only on or after the closure of the NFO period

E. WHAT ARE THE INVESTMENT STRATEGIES?

Approach to investment in equity:

The investment approach for investing in equities would be to identify companies with a strong competitive position in a good business and having quality management. The focus would on fundamentally driven investment with scope for future growth.

Approach to investment in debt:

The investment in debt securities will usually be in instruments, which have been assigned as investment grade ratings by a recognized credit rating agency. In case a debt instrument is not rated, prior approval of Board of directors will be obtained for such investments. The Maturity profile of debt instruments will be selected in line with the outlook for the market. The investment strategy would emphasize investments in securities that give consistent returns at low levels of risks. If the Scheme decides to invest in Securitised Debt and or Asset backed securities it is the intention of the investment manager that such investments will not normally exceed 20% of the corpus of the Scheme.

Trading in derivatives:

The Scheme may use derivatives in accordance with SEBI regulations in an attempt to protect the portfolio values and unit holder interest. The AMC in appropriate circumstances may use futures, options and other derivatives subject to applicable regulations and counter party risk assessment as and when they become permissible in the Indian markets subject to necessary authorization. In addition subject to applicable regulations and counter party risk assessment the scheme may also borrow or lend stock.

The Value of the derivative contracts outstanding will be limited to 20% of the net assets of the Scheme.

Trading in derivative shall however be restricted to hedging and portfolio balancing purposes as illustrated in the following cases :

Equity market Derivatives:

The fund proposes to invest in equity market derivatives such as index futures, stock futures and such other instruments as permitted under SEBI regulations from time to time.

INDEX FUTURES:

a) When the Investment Manager takes a negative view on the market:

When the investment manager anticipates the market to fall from its current levels, he needs to reduce his exposure to equities. He may do so by taking a short position in index futures i.e. by selling the index forward thereby reducing the market risk and volatility of the portfolio. He can unwind his position by concurrently selling equities from the investment portfolio and simultaneously reverse his position on the index.

b) When the Investment Manager takes a positive view on the market:

When the investment manager anticipates rise from the current market levels, the investment manager needs to make the most of the opportunity he foresees. The Scheme being open-ended would witness a daily inflow of funds, which in the above case need to be deployed on an immediate basis. In such a situation the Investment Manager would take a long position in index futures i.e. he would buy the index and then gradually reverse his position as the funds actually get invested in the market.

The following table illustrates the underlying effects of derivative trading we assume an equity corpus of Rs. 100 crore and a 20% Hedge i.e. futures contract value of Rs. 20 crore

Portfolio	Event	Equity Portfolio	Derivative	Final Portfolio
			Gain/(Loss) Rs. in crore	
Without Hedge	10% fall in equity prices	(10)	Nil	90
	10% rise in equity prices	10	Nil	110
With Hedge	10% fall in equity prices	(10)	2	92

	10% rise in equity prices	10	(2)	108
--	---------------------------	----	-----	-----

RISKS

The strategy of taking a short position in index futures is a hedging strategy and reduces the market risk. The short position is negatively correlated with the market and the price of the contract may go up or down depending on market conditions. There is no assurance that the stocks in the portfolio and the index behave in the same way and thus this strategy may not be a perfect hedge.

The short position will have as much loss as a gain in the underlying index. E.g. if the index appreciates by 10%, the future value falls by 10%. However, this is true for futures contracts held till maturity. In the event that a futures contract is closed out before its expiry, the quoted price of the futures contract may be different from the gain/loss due to the movement of the underlying index. This is called the basis risk.

While futures markets are typically more liquid than the underlying cash market, there can be no assurance that ready liquidity would exist at all points in time, for the Scheme to purchase or close out a specific futures contract.

Debt Market Derivatives:

The deregulation of interest rates has resulted in presenting an assortment of risks to market participants. To provide an effective hedge against interest rate risks on account of lending or borrowings made at fixed/variable rates of interest, RBI has allowed the use of such instruments as the Interest Rate swaps (IRS) and Forward Rate Agreements (FRAs).

IRS: An IRS is an off balance sheet contract between two counterparties to exchange a stream of payments on specified dates based on a notional principal.

Presently the most common form of IRS in the domestic market is the Overnight Index Swap (OIS), wherein a fixed rate is exchanged with the floating leg linked to the MIBOR (Mumbai Interbank offered rate/ the call money rate). The tenure of the OIS ranges from 2 to 365 days.

E.g.: The scheme may park its funds in the call money market from time to time. The scheme thus becomes a lender in the market. Say Y - a corporate is a borrower in the call money market. Suppose the Fund manager of the scheme has a view that overnight rates may fall, while Y expects volatility and is looking to hedge or lock into a fixed rate. Now the scheme is a fixed rate receiver and Y is the floating rate receiver. Consider a 3 day OIS at 8.25% for a notional principal of Rs. 1 Crore between the two.

Now the scheme would receive a fixed rate from Y on the notional principal of Rs. 1 Crore@8.25% for 3 days = Rs. 6780/-.

The scheme in turn would have to pay Y the floating rate of interest on the same principal of Rs. 1 Crore which is calculated as follows:

DAY	MIBOR (%)	PRINCIPAL (Rs.)	INTEREST (Rs.)	AMOUNT (Rs.)
1	8.00	10000000	2192	10002192
2	8.25	10002192	2261	10004453
3	7.75	10004453	2124	10006577
TOTAL			6577	

As shown in the table the scheme will be required to pay Y a sum of Rs. 6577/-. Instead of exchanging the gross amounts Y will pay the scheme the difference amount i.e. 6780-6577= Rs. 203. Thus at the end of the swap the scheme has earned a fixed rate while Y has been able to fix the cost of its funds irrespective of the movements in the market.

FRA(forward rate agreement): A FRA is a cash settled agreement where 2 parties (the buyer and the seller) agree to exchange interest payments for a notional principal amount for a specified period on a settlement date. A FRA is quoted by the forward month in which it matures, for e.g. A 3x6 FRA is a contract maturing 6 months from now and starting 3 months from now.

E.g.: Suppose the scheme has exposure to 91 day T Bills and the Fund manager takes a view that the yields are going to fall, then using FRAs he can lock into the available rates. Assume that on the last day of a given month the spot 91 day T Bill rate is 9.50% and the 3x6 FRA is quoted at 9.40%/9.60 %. Assuming a notional principal of 10 Crore the scheme now receives fixed 9.40% (and pays the 91 day T bill rate 3 months from now) on the 3x6 FRA for a notional principal of RS. 10 crores. On the settlement date the scheme receives the fixed rate from the swap market maker and pays the floating rate. Assuming the fund manager's view is correct and the 91day T-Bill cut off, 3 months from now is 9.25% then the scheme receives - Rs.2343562 and pays Rs.2306164.The difference Rs.37397 is to be discounted to settlement at a mutually negotiated rate based on the credit of the counter-party.

Assuming a discounted rate of 10% the actual cash settlement = $37397 / (1+10\%)^{91/365}$ = Rs. 36488/-.

RISKS:

Though these instruments are effective in removal of the interest rate risk they are still subject to

1. Counterparty risks i.e. default or delay in payment settlement, as well as
2. Market risks i.e. liquidity risk which is the ease with which a swap can be unwound or reversed, basis risk which is the risk of asset liability mismatch and price risk resulting from unexpected changes in the market value of the swap.

Risk control

The overall portfolio structuring will be aimed at controlling risk at a low level. Both very aggressive and very defensive postures would be avoided under normal market conditions. The risk would also be minimized through broad diversification of portfolio within the framework of the investment objectives of the scheme.

Investment by LIC MF in Other Schemes Managed By the AMC:

LIC MF may invest its funds with other schemes managed by LIC MF AMC subject to regulations 44(1) of the SEBI Regulations 1996 and the AMC shall not charge any investment management fee for such investments.

PORTFOLIO TURNOVER:

Generally the AMC's Fund management encourages a low portfolio turnover rate. A high portfolio turnover may result in an increase in transaction, brokerage costs. However a high portfolio turnover may also be representative of the arising trading opportunities to enhance the total return of the portfolio.

F. FUNDAMENTAL ATTRIBUTES

(i) TYPE OF A SCHEME

An open ended equity linked saving scheme with a statutory lock in of 3 years and tax benefit

(ii) INVESTMENT OBJECTIVE

To provide capital growth along with tax rebate and tax relief to our investors through prudent investments in the stock markets.

An open ended equity linked tax saving Scheme which offers investors the opportunity to seek Tax rebate u/s 80C of the Income Tax Act 1961. However, there is no assurance that the investment objective of the Schemes will be realized.

Investment Pattern: The indicative portfolio break-up with minimum and maximum asset allocation is detailed in the section "HOW WILL THE SCHEME ALLOCATE ITS ASSETS?". The fund manager reserves the right to alter the asset allocation for a short-term period on defensive considerations.

TERMS OF ISSUE

LIQUIDITY – Repurchases are allowed on all business days on an ongoing basis from the date of allotment.

LISTING - The units of the scheme is not listed on any Stock Exchange. However, an option is provided to hold units either in physical or in demat form.. Accordingly, the subscriber shall receive the allotment of units in their demat account provided by them in the application form, if he opts to held units in demat form.

Transferability of units- Units of the schemes held in demat form shall be freely transferable, in order to facilitate transferability of units held in one demat account to another demat account, pursuant to SEBI Circular ref. CIR/IMD/DF/10/2010 dated August 18, 2010.

Aggregate fees and expenses charged to the scheme:

The aggregate fees and expenses charged to the Scheme will be in line with the limits defined in the SEBI (MF) Regulations as amended from time to time. The aggregate fee and expenses to be charged to the Scheme is detailed in Section IV of this document.

Any safety net or guarantee provided:

The Scheme does not provide any safety net or guarantee, nor does it provide any assurance regarding the realization of the investment objective of the scheme or in respect of declaration of dividend.

Changes in Fundamental Attributes -

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) there under or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) there under and affect the interests of Unitholders is carried out unless:

- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unitholders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Scheme being an open ended equity scheme, it will broadly track the Nifty 500 TRI based on the specified asset allocation pattern herein.

The NIFTY 500 TRI represents top 500 companies selected based on full market capitalization from the eligible universe. It represents about 96.1% of the free float market capitalization of the stocks listed on NSE as on March 29, 2019. The total traded value for the last six months ending March 2019 of all Index constituents is approximately 96.5% of the traded value of all stocks on NSE. Hence, it is an appropriate benchmark for the Scheme. The performance will be benchmarked to the Total Returns Variant of the Index.

Performance of the Scheme vis-à-vis the Benchmark and peers will be periodically discussed and reviewed by the Investment Committee of the AMC and Board of Directors of the AMC and Trustee Company in their respective meetings.

The Trustee reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, subject to the Regulations and other prevalent guidelines.

H. WHO MANAGES THE SCHEME?

The following are the details of the fund manager within the AMC who will manage the investments of the Schemes :-

I. WHAT ARE THE INVESTMENT RESTRICTIONS?

As per the Trust Deed read with the Seventh Schedule to SEBI (MF) Regulations, the following investment restrictions apply in respect of the Schemes at the time of making investments. However, all investments by the Schemes will be made in accordance with the investment objective, asset allocation and where will the schemes invest, described earlier, as well as the SEBI (MF) Regulations, including schedule vii thereof, as amended from time to time.

1) The scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the SEBI Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Boards of the Trustee Company and the asset management company;

Provided that such limit shall not be applicable for investment in Government Securities, treasury bills and Triparty Repo;

Provided further that investment within such limit can be made in mortgaged backed securitized debt which are rated not below investment grade by a credit rating agency registered with SEBI.

2) The Mutual Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

For investments in asset management company or trustee company of other mutual fund, collective investment of sponsor of a mutual fund, its associate and/or its group company, and its AMC through Mutual Fund Schemes should be considered for calculating 10% voting rights.

3) Transfer of investments from one Scheme to another Scheme in the Mutual Fund shall be allowed only if:

- such transfer is done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a stock exchange for spot transactions)
- The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

4) The Schemes may invest in another scheme (except fund of funds Schemes) under the AMC or any other mutual fund without charging any fees, provided that the aggregate inter-scheme investment made by all Schemes under the same management or in Schemes under the management of any other asset management company shall not exceed 5% of the Net

Asset Value of the Mutual Fund. No investment management fees shall be charged for investing in other schemes of the fund or in the schemes of any other Mutual Fund.

The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities.

Provided further that the Mutual Fund may enter into derivatives transactions in a recognized' stock exchange, subject to the framework specified by SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the RBI in this regard.

5) The Mutual Fund shall get the securities purchased/transferred in the name of the Mutual Fund on account of the Schemes, wherever the instruments are intended to be of a long term nature.

6) Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks, in terms of SEBI circular no. SEBI/IMD/CIR No. 1/91171 /07 dated April 16, 2007, subject to the following conditions:

(i) "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.

(ii) Such short-term deposits shall be held in the name of the Scheme.

(iii) The Schemes shall not park more than 15% of their net assets in the short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with the prior approval of the Trustee. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.

(iv) The Schemes shall not park more than 10% of their net assets in short term deposit(s) with any one scheduled commercial bank including its subsidiaries.

(v) The Trustee shall ensure that the funds of the Schemes are not parked in the short term deposits of a bank which has invested in the Schemes.

The above provisions do not apply to term deposits placed as margins for trading in cash and derivative market.

AMC will not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.

7) No Scheme shall make any investment in:

(i) any unlisted security of any associate or group company of the Sponsors; or

(ii) any security issued by way of private placement by an associate or group company of the Sponsors; or

(iii) the listed securities of group companies of the Sponsors, which is in excess of 25% of the net assets.

8) The Schemes shall not make any investment in any fund of funds scheme.

9) No Scheme shall invest more than 10% of its NAV in the equity shares/equity related instruments of any company. Provided that the limit of 10% shall not be applicable for investments in the case of index fund or sector or industry specific scheme.

10) All investments by the Scheme shall be made only in listed or to be listed equity shares and equity related instruments.

11) No term loans for any purpose may be advanced by the Mutual Fund and the Mutual Fund shall not borrow except to meet temporary liquidity needs of the Schemes for the purpose of repurchase, redemption of Units or payment of interest or dividends to Unit Holders, provided that the Mutual Fund shall not borrow more than 20% of the net assets of each of the Schemes and the duration of such borrowing shall not exceed a period of six months.

12) The Scheme will comply with following exposure limits while participating in repo in corporate debt securities or such other limits as may be prescribed by SEBI from time to time:

- The gross exposure to repo transactions in corporate debt securities shall not be more than 10% of the net assets

of the scheme. Further the amount lent to counter-party under repo transaction in corporate debt securities will be included in single issuer debt instrument limit.

- The cumulative gross exposure through repo transactions in corporate debt securities along with debt, equity and derivative shall not exceed 100% of the net assets of the Scheme.
 - In case the Scheme borrows under repo in corporate debt securities, then such borrowing together with any other borrowing shall not exceed 20% of the net asset of that Scheme and tenor of borrowing shall not exceed six months.
- 13) If any company invests more than 5% of the NAV of any of the Schemes, investment made by that or any other Scheme of the Mutual Fund in that company or its subsidiaries will be disclosed in accordance with the SEBI (MF) Regulations.
- 14) Investment limitation/restriction specific to Fund of Funds Scheme
- a. A Fund of Funds scheme shall not invest into another Fund of Funds Scheme
 - b. The Scheme shall not invest its assets other than in schemes of mutual funds, except to the extent of funds required for meeting the liquidity requirements for the purpose of repurchases or redemptions, as disclosed earlier.
- 15) The cumulative gross exposure through equity, debt and derivatives position shall not exceed 100% of the net assets of the respective scheme. However, the following shall not be considered while calculating the gross exposure:
- a) Security-wise hedged position and
 - b) Exposure in cash or cash equivalents with residual maturity of less than 91 days.
- 16) Total exposure of debt schemes of mutual funds in a particular sector (excluding investments in Bank CDs, Triparty Repo, G-Secs, T-Bills, short term deposits of scheduled commercial banks and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme;
- Provided that an additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the scheme shall be allowed only by way of increase in exposure to Housing Finance Companies (HFCs);
- Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/ exposure in HFCs shall not exceed 20% of the net assets of the scheme. An additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio.
- 17) The Schemes will comply with any other Regulations applicable to the investment of mutual funds from time to time.
- 18) The investment manager may, from time to time invest its own funds in the scheme at its discretion. However, the investment manager shall not be entitled to charge any fees on its investments in the scheme.
- 19) Aggregate value of 'illiquid securities' which are defined as non-traded, thinly traded and unlisted equity shares shall not exceed 15% of the total assets of the scheme.
- 20) Investment in unrated debt and money market instruments (other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc.) by the Scheme shall not exceed 5% of the net assets of the Scheme. However, all such investments shall be made with the prior approval of the Board of AMC and Trustees.
- 21) Mutual Funds/AMCs shall ensure that total exposure of debt schemes of mutual funds in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.
- 22) The investments by debt mutual fund schemes in debt and money market instruments of group companies of both the sponsor and the asset management company shall not exceed 10% of the net assets of the scheme. Such investment limit may be extended to 15% of the net assets of the scheme with the prior approval of the Board of Trustees.

23) A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that Mutual Fund Schemes may invest in unlisted nonconvertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by SEBI from time to time:

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by SEBI from time to time.

These investment limitations/parameters as expressed (linked to the Net Asset/Net Asset Value/capital) shall, in the ordinary course, apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciation or depreciation in value or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any Scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Mutual Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, the AMC shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unit Holders.

The Trustee /AMC may alter the above stated limitations from time to time, and also to the extent the SEBI (MF) Regulations change, so as to permit the Schemes to make their investments in the full spectrum of permitted investments in order to achieve their investment objective.

All the investment restrictions shall be applicable at the time of making investments.

III. UNITS AND OFFER

This section provides details an investor needs to know for investing in the Schemes.

A. NFO DETAILS

The section does not apply to the Schemes covered in this SID, as the ongoing offer of the Schemes has commenced after the NFO, and the Units are available for continuous subscription and redemption.

B. ONGOING OFFER DETAILS

<p>Ongoing Offer Period (This is the date from which the Scheme will reopen for subscriptions /redemptions after the closure of the NFO period.)</p>	<p>Being an open ended scheme, units will be offered at NAV based price on a business day.</p>
<p>Ongoing price for subscription (purchase) / switch-in (from other Schemes/Plans of the Mutual Fund) by investors. This is the price you need to pay for purchase/Switch-in.</p>	<p>Units of the Scheme shall be available for subscription (purchase) /switch-in at the Applicable NAV.</p> <p>The Mutual Fund shall ensure that the Purchase Price is not higher than 107% of the NAV, provided that the difference between the Redemption Price and Purchase Price of the Unit shall not exceed the permissible limit of 7% of the Purchase Price, as provided for under SEBI (MF) Regulations.</p>
<p>Ongoing price for redemption (sale) / Switch outs (to other schemes/plans of the Mutual Fund) by Investors. This is the price you will receive for redemptions/ Switch outs.</p> <p>Example: If the applicable NAV is INR 10, exit load is 2% then redemption price will be:</p> <p>INR 10* (1-0.02) = INR 9.80</p>	<p>Units of the Scheme can be redeemed/ switched out at the Applicable NAV subject to prevailing exit load.</p> <p>The Redemption Price however, will not be lower than 93% of the NAV subject to SEBI Regulations as amended from time to time. Similarly, the difference between the Redemption price and Sale price at any point in time shall not exceed the permitted limit as prescribed by SEBI from time to time which is presently 7% calculated on the Sale Price.</p> <p>BANK ACCOUNT DETAILS In order to protect unit holder interest from fraudulent encashment of cheques, the current SEBI Regulations has made it mandatory for investors to mention in their application/repurchase - redemption request, the Bank Name and Account Number of the Account holders. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques and/or any delay/loss in transit. In the absence of these details applications are liable for rejection.</p>

Cut off timing for subscriptions/ redemptions/ switches.

This is the time before which your application (complete in all respects) should reach the Official Points of Acceptance

A] Purchase (including switch-in) applications for amount less than Rs. 2 lakh

- In respect of valid applications received upto 3.00 p.m. on a Business Day by the Fund along with a local cheque or a demand draft payable at par at the Official Point(s) of Acceptance where the application is received, the closing NAV of the day on which application is received shall be applicable.
- In respect of valid applications received after 3.00 p.m. on a Business Day by the Fund along with a local cheque or a demand draft payable at par at the Official Point(s) of Acceptance where the application is received, the closing NAV of the next Business Day shall be applicable.
- However, in respect of valid applications, with outstation cheques / demand drafts not payable at par at the Official Point(s) of Acceptance where the application is received, closing NAV of the day on which the cheque / demand draft is credited shall be applicable.

B] Applications for amount equal to or more than Rs. 2 lakh

i) For Purchases:

- In respect of valid applications received for an amount equal to or more than Rs. 2 lakh upto 3.00 p.m. at the Official Point(s) of Acceptance and where the funds for the entire amount of subscription/purchase as per the application are credited to the bank account of the Scheme before the cut-off time i.e. available for utilization before the cut-off time - the closing NAV of the day shall be applicable.
- In respect of valid applications received for an amount equal to or more than Rs. 2 lakh after 3.00 p.m. at the Official Point(s) of Acceptance and where the funds for the entire amount of subscription/purchase as per the application are credited to the bank account of the Scheme before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable.
- Irrespective of the time of receipt of applications for an amount equal to or more than Rs. 2 lakh at the Official Point(s) of Acceptance, where the funds for the entire amount of subscription/purchase as per the application are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.

Third Party Payment:

When a payment is from a bank account other than that of the beneficiary investor, the same is referred to as a "Third Party Payment". It is further clarified that In case of mutual fund subscriptions, the first unit holder is considered as the beneficiary investor, even if there are joint unit holders. In case of payments from a bank account jointly held, the first holder of the mutual fund subscription has to be one of the joint holders of the bank account from which the payment is made.

In specific exceptional situations where Third Party payment is permitted like (i). Payment by Parents / Grand-Parents / Related persons on behalf of a minor (other than registered guardian) in consideration of natural love and affection or as gift for value not exceeding INR 50,000 for each purchase, (ii). Payment by an Employer on behalf of Employee under Systematic Investment Plans through Payroll deductions or (iii). Custodian on behalf of an FII or a client. Investors submitting their applications through the above mentioned 'exceptional situations' are required to comply with the following, without which applications for subscriptions for units will be rejected /not processed/ refunded.

Mandatory KYC for all investor (guardian in case of minor) and the person making the payment i.e. third party. In order for an application to be considered as valid, investors and the person making the payment should attach their valid KYC to the application form irrespective of Third Party Payment Avoidance and additional documents / declaration required amount. Along with submission of a separate 'Third Party Payment Declaration Form' from investor (guardian in case of minor)

and person making the payment i.e. third party.

ii) For Switch-ins:

For determining the applicable NAV , the following shall be ensured:

- Application for switch-in is received before the applicable cut-off time.
- Funds for the entire amount of subscription/purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time.
- The funds are available for utilization before the cut-off time.

Further, the Applicable NAV in respect of Unitholders under the Dividend Option will be as under:

In respect of valid purchase/switch-in applications received till 3.00 p.m. on the Business Day, the ex - dividend NAV** of the day of receipt of application will be applicable and the eligible investors will be entitled for dividends declared, if any, on the next Record Date by the Trustee.

Where application is received after the cut-off time on a day but the funds are cleared on the same day, the closing NAV of the next Business Day shall be applicable.

For investments of an amount equal to or more than Rs. 2 lakh through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP), the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme.

** In respect of applications for an amount equal to or more than Rs.2 lakh, the Applicable NAV shall be subject to the provisions of SEBI Circulars No.Cir/IMD/DF/21/2012 dated September 13, 2012 and No.Cir/IMD/DF/19/2010 dated November 26, 2010, as may be amended from time to time, on uniform cut-off timings for applicability of NAV.

All multiple applications for investment at the Unit holders' PAN and holding pattern level in a Scheme (irrespective of amount or the plan/option/sub-option) received on the same Business Day , will be aggregated to ascertain whether the total amount equals to Rs. 2 lakh or more and to determine the applicable Net Asset Value. Transactions in the name of minor received through guardian will not be aggregated with the transaction in the name of same guardian. The AMC may have additional criteria for aggregation of multiple transactions. The criteria for aggregation of multiple transactions shall be as decided by the AMC at its sole discretion from time to time.

C] For Redemption (including switch-out) applications

- In respect of valid applications received upto 3 p.m. on a Business Day by the Fund, same day's closing NAV shall be applicable.
- In respect of valid applications received after 3 p.m. on a Business Day by the Fund, the closing NAV of the next Business Day shall be applicable.

Under no circumstances will LIC MF AM Ltd or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units.

In respect of valid redemptions/switch-out requests received till 3.00 p.m. during the Business Day, the ex-dividend NAV of the day of receipt of application will be applicable and the investors will be eligible to receive the dividends declared.

Transactions through online facilities/electronic modes:

The time of transaction done through various online facilities/ electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase/sale/switch of units is received in the

SIP Pause

Under this facility, investor has an option to stop his SIP temporarily (at a folio level) for specified number of instalments. SIP would restart automatically after completion of Pause period specified by investor.

The features, terms and conditions for availing 'SIP Pause' facility are as follows:

- i. Under this facility, Investor has an option to temporarily stop his SIP for specific number of instalments. i.e. Minimum 1 instalment and Maximum 6 instalments. SIP would restart upon completion of the period specified by Investor.
- ii. Investor can request for pause only after 6 SIP instalments are processed. Investor can opt for pause facility only from 7th instalment onwards.
- iii. Investor can opt for pause facility only twice during the tenure of particular SIP.
- iv. If the SIP pause period is coinciding with the Step-Up facility, the SIP instalment amount post completion of pause period would be inclusive of SIP Step-up amount. For e.g. SIP instalment amount prior to Pause period is Rs 5,000/- and Step-up amount is Rs 1,000/- . If the pause period is completed after date of Step-up, then the SIP instalment amount post completion of pause period shall be Rs 6,000/-.
- v. Pause facility is not available for SIP registered through Standing Instructions at the bank's end.
- vi. Pause facility shall be available only for SIP registered under monthly frequency.
- vii. The minimum gap between the pause request and next SIP instalment date should be at least 10 days.
- viii. Pause facility shall get activated from immediate next eligible instalment from the date of receipt of SIP Pause request.
- ix. Investors need to give the SIP pause request at least 10 calendar days in advance.
- x. Investors can request for pause request for SIP amount Rs 500/- and above in LIC MF Tax Plan and for SIP amount Rs 1000/- and above under other schemes.
- xi. Request for SIP Pause shall be processed only through pre-printed SIP Pause form

SIP through post-dated cheques

The date of the first cheque shall be the same as the date of the application while the remaining cheques shall be post dated cheques which shall be dated uniformly. Currently the SIP post dated cheques cycle dates are any date between 1st to 28th of every month Investors can invest in SIP by providing post-dated cheques to Official Point(s) of Acceptance as notified by the AMC. All SIP cheques should be of the same amount and same date option (excluding first cheque which can be of a date / amount other than the SIP date opted for). Cheques should be drawn in favour of the Fund and "A/c Payee only". A letter will be forwarded to the investor on successful registration of SIP. The Post Dated cheques will be presented on the dates mentioned on the cheque and subject to realization of the cheque. The SIP date selected by the Investor should fall at least 30 calendar days after the date of the first cheque.

SIP through National Automated Clearing House (NACH) / Electronic Clearing Service (ECS)/ Direct Debit

Investors / unit holders may also enrol for SIP facility through National Automated Clearing House (NACH)/ ECS of the NPCI and RBI respectively or for SIP Direct Debit Facility available with specified Banks / Branches. To avail this facility, an investor must fill-up the SIP Application Form for SIP NACH/ ECS / Direct Debit facility. The first investment in SIP through the NACH/ECS/ Direct Debit Facility needs to be made by issuance of a cheque from the account from which the NACH/ECS/ Direct Debit is requested or the investor can submit a cancelled cheque or a photocopy of a cheque of the bank account for which the NACH/ECS/Direct Debit mandate is provided. All SIP cheques/payment instructions should be of the same amount and the same date (excluding first cheque which can be of a date other than the SIP date opted for). However, there should be a gap of 30 days between first SIP Instalment and the second instalment in case of SIP started during ongoing offer. Currently the SIP through NACH/ ECS / Auto Debit is allowed any dates between 1st to 28th of every month.

If the SIP end date is not filled, the SIP NACH/ECS/Direct Debit will be considered perpetual till further instructions are received from the investor.

Unitholders are free to discontinue from the SIP facility at any point of time by giving necessary instructions in writing at least 21 days prior to the next SIP due date. On receipt of such request, the SIP facility will be terminated.

It is clarified that if the Fund fails to get the proceeds from three instalments out of a continuous series of instalments submitted at the time of initiating a SIP, the SIP is deemed as discontinued. Units will be allotted at the Applicable NAV of the respective dates on which the investments are sought to be made. An extension of an existing SIP will be treated as a new SIP on the date of such application, and all the above conditions need to be met with.

MICRO SYSTEMATIC INVESTMENT PLAN ("MICRO SIP")/ PAN EXEMPT INVESTMENTS

Investment in mutual fund schemes [including through Systematic Investment Plan (SIP)] upto Rs. 50,000 per year per investor, are exempt from the requirement of PAN. Such PAN exempt SIPs are referred to as Micro SIP. Investors may make PAN exempt investments subject to the following provisions:

- The limit of Rs. 50,000/- is applicable at an aggregate level (SIP plus lumpsum investments) across all Schemes of the Fund in a rolling 12 month period or in a financial year i.e. April to March.
- This exemption is applicable only to investments by "Eligible Investors" i.e. individuals [including Joint Holders who are individuals, NRIs but not PIOs], Minors and Sole proprietary firms, who do not possess a PAN*. Hindu Undivided Family (HUF) and other categories are not eligible for PAN exemption.

*In case of joint holders, first holder must not possess a PAN.

- Eligible Investors are required to undergo Know Your Customer (KYC) procedure with any of the SEBI registered KYC Registration Agency (KRA).
- Eligible Investors must attach a copy of the KYC acknowledgement letter containing the PAN Exempt KYC Reference No (PEKRN) issued by the KRA along with the application form. Eligible investors must hold only one PEKRN.

Eligible Investors who wish to enroll for Micro SIP are required to fill in the SIP Enrolment Form available with the ISCs, distributors/agents and also displayed on the website www.licmf.com

All terms and conditions (including load structure and Transaction Charges) of

Systematic Investment Plans (SIPs) (except availability of SIP STEP-up facility) shall apply to Micro SIPs.

The detailed procedures / requirements for accepting PAN exempt investments, including Micro SIPs, shall be as specified by Asset Management/Trustee from time to time and their decision in this behalf will be final and binding.

Please refer to the Micro SIP Enrolment Form for terms & conditions before enrolment.

STEP-UP facility under Systematic Investment Plan (SIP):

‘STEP-UP’ facility will enable investors to increase the amount of SIP installment at pre-defined frequency by a fixed amount during the tenure of SIP.

STEP-UP facility offers frequency at half yearly and yearly intervals. In case the STEP-UP frequency is not specified, it will be considered as half yearly frequency. Under this facility the Investor can increase the SIP installment at pre-defined intervals by a fixed amount. Minimum STEP-UP amount would be Rs.500/- and in multiples of Re. 500/- thereafter. In case the investor does not specify STEP-UP amount, Rs. 500/- will be considered as the STEP-UP amount and the request will be processed accordingly.

STEP-UP facility would be available to all new SIP enrolments. Existing investors registered for SIP through NACH/ECS/Direct Debit facility and intending to avail STEP-UP facility will be required to cancel the existing SIP and enroll a fresh SIP with STEP-UP details. It would be mandatory for investor to mention in ‘SIP cum Registration Mandate’ the period (month - year) upto which he wishes to avail STEP-UP facility.

2. Systematic Transfer Plan (STP)

This facility enables unitholders to transfer a fixed specified amount from one open-ended scheme of the Fund (source scheme) to another open-ended scheme of the Fund (target scheme), in existence at the time of availing the facility of STP, at applicable NAV. Unitholders holding units in a non-demat form may enrol for STP.

Investors can opt for the Systematic Transfer Plan by investing a lump sum amount in one scheme of the fund and providing a standing instruction to transfer sums at regular intervals.

This facility is allowed only for the Growth Plan

Under this two plans LIC Mutual Fund offers Fixed Systematic Transfer Plan (FSTP) and Capital Appreciation Systematic Transfer Plan (CASTP).

Fixed Systematic Transfer Plan (FSTP)

FSTP Frequency	Cycle Date	Minimum Amount* (in Rs.)	Minimum Installment
Daily	All business day	500/-	50
Weekly	1 st , 7 th , 10 th , 15 th , 21 st , 25 th or 28 th	500/-	6
Monthly	1 st , 7 th , 10 th , 15 th , 21 st , 25 th or 28 th	500/-	6
Quarterly	1 st , 7 th , 10 th , 15 th , 21 st , 25 th or 28 th	500/-	6

*Minimum STP instalment amount and in multiples of Rs. 500 thereafter.

Capital Appreciation Systematic Transfer Plan (CASTP)

Under this facility, the investors may opt for the STP by investing a lump sum amount in LIC MF Tax Plan and providing a standing instruction to transfer capital appreciation at regular intervals Monthly and Quarterly into any other open-ended scheme of the Fund (target scheme)

There are two options available under CASTP viz. Monthly & Quarterly option, the details of which are given below:

CASTP Frequency	Cycle Date	Minimum Amount (Rs.)	Minimum Installment
Monthly	15 th	500	6
Quarterly	15 th	500	6

Further, in case of CASTP, if the STP Frequency has not been indicated, Monthly frequency shall be treated as Default frequency.

STP with frequency as daily (10 days required for registration) is also available. In case Day of Transfer has not been indicated under Daily and Weekly frequencies, Friday shall be treated as Default day. Further, in case of Monthly and Quarterly Frequency, if the STP date and Frequency has not been indicated, Monthly frequency shall be treated as Default frequency and 10th shall be treated as Default Date.

If the unitholder wants to opt for a Daily STP the minimum balance in the transferor scheme should be greater than or equal to the Initial Purchase Amount of the transferor scheme or 50 STP installments whichever is lower. The STP request should be for a minimum of 12 installments.

STP will register after 7 working days from the time stamp date. In case the chosen date falls on a Non-Business Day, then the STP will be processed on the next Business Day. In case the end date is not specified, the Fund will continue STP till it receives termination notice.

Investors could also opt for STP from an existing account by quoting their account / folio number. However, units marked under lien or pledged in the source scheme shall not be eligible for STP.

Unitholder may change the amount (but not below the minimum specified amount)/ frequency by giving written notice to any of the Official Point(s) of Acceptance at least 15 days prior to next STP execution date.

Units will be allotted/ redeemed at the applicable NAV of the respective dates of the Scheme on which such investments/withdrawals are sought from the Scheme.

The STP may be terminated on a written notice of 15 days by a unitholder of the Scheme. The STP will be automatically terminated if all units are liquidated or withdrawn from the source scheme or pledged or upon receipt of intimation of death of the unitholder.

Systematic Transfer Plan (STP) facility is available for all schemes of LIC Mutual Fund

except LIC MF Unit Linked Insurance Scheme. However systematic transfer from another scheme to LIC MF Unit Linked Insurance Scheme.

3. Systematic Withdrawal Plan (SWP):

SWP is being introduced in LIC MF Tax Plan to allow unitholders to withdraw a specified sum of money each month/quarter from his/her investments in the Scheme post completion of 3 years mandatory lock-in.

In case the SWP date is not specified or in case of ambiguity the default SWP date will be 10th of every month (in case it falls on a non-business day, the transaction will be effected on the next business day of the Scheme). In case SWP frequency is not specified, the default frequency will be monthly.

Two options would be available under SWP viz. Monthly option and quarterly option. The details of which are given below:

Fixed Amount

	Monthly Option	Quarterly Option
Minimum value of SWP	Rs 500/-	Rs 500/-
Additional amount in multiples of	Rs 500/-	Rs 500/-
Dates of SWP Installment	Any date between 1 st to 28 th of every month	Any date between 1 st to 28 th of every month
Minimum No of SWP	6	4

Automatic withdrawal of capital appreciation (AWOCA)

AWOCA is facility whereby, capital appreciation, if any, will be paid out (subject to completion of lock-in/ pledge period, if any), on Any date between 1st to 28th of every month who has made such request to the AMC. The amount paid will be considered as redemption to that extent. In case the payout date falls on a holiday or fall during a Book Closure period, the next Business Day will be deemed as the AWOCA date.

The frequency of AWOCA is monthly and is paid out on Any date between 1st to 28th of every month.

4. Dividend Transfer Plan (DTP) :

DTP has been introduced in all our schemes w.e.f. 01/07/2009. If an investor wants to opt for DTP, he can do so by filing of the transaction slip available at our offices. There is no assurance or guarantee to the unitholders as to rate of income distribution and regularity in declaration of income distribution. Rs.500/- will be the minimum amount.

5. Transactions through Electronic Mode:

The Mutual Fund may (at its sole discretion and without being obliged in any manner to do so and without being responsible and /or liable in any manner whatsoever) allow transactions in units by electronic mode (web/ electronic transactions) including transactions through the various web sites with which the AMC would have an arrangement from time to time. Subject to the investor fulfilling certain terms and conditions as stipulated by AMC from time to time, the AMC, Mutual Fund,

For dividend pay-out option, the dividend warrants shall be dispatched to the unitholders within 30 days of the date of declaration of the dividend.</p> <p>Unit holders having a bank account with certain banks with which the Mutual Fund would have an arrangement from time to time, the dividend proceeds shall be electronically credited to their account.</p> <p>In case of specific request for dividend by warrants/cheques/demand drafts or unavailability of sufficient details with the Fund, the dividend will be paid by warrant/cheques/demand drafts and payments will be made in favour of the unitholder (registered holder of the Unit or, if there are more than one registered holder, only to the first registered holder) with bank account number furnished to the Fund.</p> <p>Please note that it is mandatory for the unitholders to provide the bank account details as per SEBI guidelines</p>

Redemption

The redemption or repurchase proceeds shall be dispatched to the unitholders within 10 working days from the date of redemption or repurchase.

For redeeming units of the Scheme, an investor would need to submit a duly filled-in redemption application at any of ISC/Official Point of Acceptance. The redemption/switch would be permitted to the extent of credit balance in the unit holder's account. The redemption/switch request can be made by specifying either the number of units or the amount (in rupees) to be redeemed.

In case the investor specifies the number of units and amount to be redeemed, the number of units shall be considered for redemption. In case the unitholder does not specify the number of units or amount to be redeemed, the redemption request will not be processed.

For details regarding the minimum amount for redemption please see the point on "Minimum amount for purchase/Redemption /Switches" in this document.

Restriction on redemption:

In the larger interest of the unitholders of the Scheme, the AMC may, in consultation with the Trustee, keeping in view unforeseen circumstances / unusual market conditions, limit the total number of units which may be redeemed on any business day to such a percentage of the total number of units issued and outstanding under any Scheme/Plan/Option as the AMC may determine. For details, please refer to the SAI.

Payment of redemption proceeds:

Please note that it is mandatory for the investors of mutual fund schemes to mention their bank account numbers in their applications. /requests for redemption. Also, please refer to the point on "Registration of Multiple Bank Accounts in respect of investor folio" given elsewhere in the document for further details.

Resident Investors:

In case of Unit holders having a bank account with certain banks with which the Mutual Fund would have an arrangement from time to time, the redemption proceeds shall be electronically credited to their account.

The redemption proceeds shall be electronically credited to the extent feasible to the investor's bank account. In case of specific requests, redemption proceeds will be paid by way of cheques/demand drafts in favour of the unitholder (registered holder of the Unit or, if there are more than one registered holder, only to the first registered holder) with bank account number furnished to the Fund.

The AMC reserves the right to provide the facility of redeeming Units of the Scheme through an alternative mechanism including but not limited to online transactions on the Internet through the AMC website or any other website, etc., as may be decided by the AMC from time to time. The alternative mechanisms would be applicable to only those investors who opt for the same in writing and/or subject to investor fulfilling such conditions as the AMC may specify from time to time.

Redemption by NRIs:

For NRIs, redemption proceeds will be remitted depending upon the source of investment as follows:

- Where the payment for the purchase of the units redeemed was made out of funds held in NRO account, the redemption proceeds will be credited to the NRI investor's NRO account
- Where the units were purchased on repatriation basis and the payment for

the purchase of the units redeemed was made by inward remittance through normal banking channels or out of funds held in NRE / FCNR account, the redemption proceeds will be credited to his NRE / FCNR / NRO account

Note :

- i. The Fund will not be liable for any delays or for any loss on account of any exchange fluctuations, while converting the rupee amount in foreign exchange in the case of transactions with NRIs / FIIs.
- ii. Payment to NRI / FII Unit holders will be subject to the relevant laws / guidelines of the RBI as are applicable from time to time (also subject to deduction of tax at source as applicable).
- iii. The Fund may make other arrangements for effecting payment of redemption proceeds in future.
- iv. The cost related to repatriation, if any will be borne by the Investor.

Effect of Redemptions

The balances in the unit holder's account will stand reduced by the number of units redeemed. Units once redeemed will be extinguished and will not be reissued

Unclaimed redemptions and dividends

In partial modification of SEBI circular no. MFD / CIR / 9 / 120 / 2000, dated November 24, 2000, SEBI vide its circular No. Ref SEBI/HO/IMD/DF2/CIR/P/2016/37 dated February 25, 2016 has mandated that the unclaimed redemption and dividend amounts, that are currently allowed to be deployed only in call money market or money market instruments, shall also be allowed to be invested in a separate plan of Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. AMC's shall not be permitted to charge any exit load in this plan and TER (Total Expense Ratio) of such plan shall be capped at 50 bps.

Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education.

The AMC has provided on its website, the list of names and addresses of investors in whose folios there are unclaimed amounts. Please visit <https://online.licmf.com/General/unclaimeddividend.aspx> for the same.

Bank Details:

In order to protect the interest of Unit holders from fraudulent encashment of redemption / dividend cheques, SEBI has made it mandatory for investors to provide their bank details viz. name of bank, branch, address, account type and number, etc. to the Mutual Fund. Applications without complete bank details shall be rejected. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques / warrants and / or any delay / loss in transit.

Registration of Multiple Bank Accounts in respect of an Investor Folio:

An Investor can register with the Fund upto 5 bank accounts in case of individuals and HUFs and upto 10 in other cases. In case of Multiple Registered Bank Account, Investor may choose one of the registered bank accounts for the credit of redemption/ dividend proceeds (being "Pay-out bank account"). In case the investor fails to mention any preference, then by default the first number indicated in the list shall be the preferred account number. However the entire proceeds will necessarily be credited to a Single Account and shall not be allocated to

	<p>multiple bank accounts.</p> <p>Investor may however, specify any other registered bank accounts for credit of redemption proceeds at the time of requesting for the redemption. Investor may change such Pay- out Bank account, as necessary, through written instructions.</p> <p>For the purpose of registration of bank account(s), Investor should submit Bank Mandate Registration Form (available at the ISCs/ AMC Website) together with other requisite documents. D. COMPUTATION OF NAV

The Net Asset Value (NAV) per Unit of the respective Plan(s) will be computed by dividing the net assets of the Plan(s) by the number of Units outstanding under the Plan(s) on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time. In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail. NAV of Units under each Plan shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of the Plan's Investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under each Plan}}$$

The AMC will calculate and disclose the first NAV of the Plan(s) not later than 5 Business Days from the allotment of units of the respective Plan(s). Subsequently, the NAV of the Plan(s) will be calculated and disclosed at the close of every Business Day. Each Plan will be managed as a separate investment Portfolio. Separate NAV will be calculated and announced for each of the Options of the respective Plan(s) at the close of every Business Day. The NAVs will be calculated upto 4 decimals. Units will be allotted in whole figure

a) Methodology of calculating sale/repurchase prices

Methodology of calculating sale price The price or NAV a unitholder is charged while investing in an open-ended scheme is called sale or subscription price. Pursuant to SEBI Circular No. SEBI /IMD/CIR No.4/168230/09 dated 30th June, 2009, no entry load will be charged by the scheme to the unitholders. Therefore, Sale or Subscription price = Applicable NAV

b) Methodology of calculating repurchase price

Repurchase or redemption price is the price or NAV at which an open-ended scheme purchases or redeems its units from the Unitholders. It may include exit load, if applicable. The exit load, if any, shall be charged as a percentage of Net Assets Value (NAV) i.e. applicable load as a percentage of NAV will be deducted from the "Applicable NAV" to calculate the repurchase price. Therefore, Repurchase or Redemption Price = Applicable NAV *(1- Exit Load, if any) For example, If the Applicable NAV of the Scheme is Rs.10 and the Exit Load applicable at the time of investment is 2% if redeemed before completion of 1 year from the date of allotment of units and the unitholder redeems units before completion of 1 year, then the repurchase or redemption price will be: = Rs. 10 * (1-0.02) =Rs.9.80

IV. FEES AND EXPENSES

This section outlines the expenses that will be charged to the Schemes.

A. NEW FUND OFFER (NFO) EXPENSES:

This section does not apply to the schemes covered in this SID, as the ongoing offer of the Schemes has commenced after the NFO period, and the units are available for continuous subscription and redemption.

B. ANNUAL SCHEME RECURRING EXPENSES: (as a % of daily net assets)

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar's fee, marketing and selling costs etc.,

The Schemes may be charged with the approval of the Trustee within overall limits as specified in the Regulations except those expenses which are specifically prohibited.

The recurring expenses of the Scheme (including the Investment Management and Advisory Fees) shall be as per the maximum permissible limits prescribed under the SEBI (MF) Regulations. These are as follows:

Slab Rates	
Daily Net Assets	As a % of daily net assets (per annum)
On the first Rs. 500 crore	2.25%
On the next Rs. 250 crore	2.00%
On the next Rs. 1,250 crore	1.75%
On the next Rs. 3,000 crore	1.60%
On the next Rs. 5,000 crore	1.50%
On the next Rs. 40,000 crores	Reduction of 0.05% for every increase of Rs.5,000 crores
Balance of assets over and above Rs. 50,000 crores	1.05%

The total expenses of the Scheme(s) including the investment management and advisory fee shall not exceed the limit stated in Regulation 52(6) of the SEBI (MF) Regulations.

In addition to expenses as permissible under Regulation 52 (6) (c), the AMC may charge the following to the concerned scheme of the Fund under Regulation 52 (6A):

a. Additional expenses upto 0.30 per cent of daily net assets of the concerned schemes of the Fund if new inflows from retail investors from B30 cities as may be specified by Regulations from time to time are at least:

(i) 30 per cent of gross new inflows in the concerned scheme, or;

(ii) 15 per cent of the average assets under management (year to date) of the concerned scheme, whichever is higher.

Provided that if inflows from retail investors from B30 cities is less than the higher of (i) or (ii) mentioned above, such expenses on daily net assets of the concerned scheme shall be charged on proportionate basis.

Further, the expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from retail investors from B30 cities. The amount incurred as expense on account of inflows from B30 cities shall be credited back

to the scheme in case the said inflows are redeemed within a period of one year from the date of investment. "B30 cities" shall be beyond Top 30 cities as at the end of the previous financial year as communicated by AMFI. Inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

b. Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 per cent in case of cash market transactions

c. Additional expenses incurred towards different permissible heads under sub- regulation 52(2) & 52(4), not exceeding 0.05 percent of daily net assets of the concerned scheme.

"Provided that such additional expenses shall not be charged to the schemes where the exit load is not levied or applicable."

In Addition to expenses under Regulation 52 (6) and (6A), AMC may charge GST on investment and advisory fees, expenses other than investment and advisory fees and brokerage and transaction cost as below:

- a. **GST on investment and advisory fees:** AMC may charge GST on investment and advisory fees of the scheme in addition to the maximum limit of TER as per the Regulation 52(6).
- b. **GST on expenses other than investment and advisory fees:** AMC may charge GST on expenses other than investment and advisory fees of the scheme, if any within the maximum limit of TER as per the Regulation under 52(6).
- c. **GST on brokerage and transaction cost:** The GST on brokerage and transaction costs which are incurred for the purpose of execution of trade, will be within the limit of TER as per the Regulation 52(6).

At least 2 bps on daily net assets within the maximum limit of overall expense Ratio shall be annually set apart for investor education and awareness initiatives.

These estimates have been made in good faith by the AMC and are subject to change inter-se. The expenses may be more than as specified in the table above, but the total recurring expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI Regulations. Any expense other than those specified in the SEBI Regulations shall be borne by the AMC and/ or the Sponsors and/or Trust.

Any other expenses that are directly attributable to the Scheme, and permissible under SEBI (Mutual Funds) Regulations, 1996 from time to time, may be charged within the overall limits as specified in the Regulations.

The Scheme shall strive to reduce the level of these expenses so as to keep them well within the maximum limits currently allowed by SEBI and any revision in the said expenses limits by SEBI would be applicable.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route.

Further, it is clarified that the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 0.12 percent for cash market transactions. Any payment towards brokerage and transaction cost, over and above the said 12 bps cash market transactions may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (MF) Regulations. Any expenditure in excess of the said prescribed limit (including brokerage and transaction cost, if any) shall be borne by the AMC or by the trustee or sponsors.

The AMC has estimated following recurring expenses, as summarized in the below table for each scheme. The expenses are estimated on a corpus size of INR 500 crores and have been made in good faith as per the information available to the AMC. The total expenses will be maximum permissible limit as specified in the table below. Expenses over and above the prescribed limit shall be charged / borne in accordance with the Regulations prevailing from time to time. The below expenses are subject to inter-se change and may increase/decrease as per actuals, and/or any change in the Regulations.

The above indicative expenses would be applicable to respective plans as mentioned in the above table.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Schemes will bear directly or indirectly.

Expense Structure for Direct Plan - The annual recurring expenses will be within the limits specified under the SEBI (Mutual Funds) Regulations, 1996.

The mutual fund would update the current expense ratios on its website (viz. <http://www.licmf.com>) at least three working days prior to the effective date of the change.

C. TRANSACTION CHARGES

SEBI has allowed Asset Management Companies (AMCs) to deduct transaction charges per subscription of Rs.10,000/- and above, vide its Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011.

In accordance with said circular, the AMC/Mutual Fund shall deduct the Transaction Charges on purchase / subscription received from first time mutual fund investors and investor other than first time mutual fund investors through the distributor/agent (who have opted to receive the transaction charges) as under:

(i) First Time Mutual Fund Investor (across Mutual Funds):

Transaction charge of Rs. 150/- for subscription of Rs. 10,000 and above will be deducted from the subscription amount and paid to the distributor/agent of the first time investor and the balance shall be invested.

(ii) Investor other than First Time Mutual Fund Investor:

Transaction charge of Rs. 100/- per subscription of Rs. 10,000 and above will be deducted from the subscription amount and

paid to the distributor/agent of the investor and the balance shall be invested.

However, transaction charges in case of investments through Systematic Investment Plan (SIP) shall be deducted only if the total commitment (i.e. amount per SIP instalment x No. of instalments) amounts to Rs. 10,000/- or more. The Transaction Charges shall be deducted in 3-4 instalments.

(iii) Transaction charges shall not be deducted for:

Purchases /subscriptions for an amount less than Rs. 10,000/-; transaction other than purchases/ subscriptions relating to new inflows such as Switch/ STP/SWAP/DTP, etc purchases/subscriptions made directly with the Fund (i.e. not through any distributor/agent). Purchases/subscriptions carried out through NSE MFSS (or through other stock exchange platform(s) added from time to time.

D. LOAD STRUCTURE

Load is an amount that is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.licmf.com) or may call at Area offices / Business Centres or your distributor.

Type of Load	Load Chargeable (as % of NAV)
Entry	Nil
Exit	Nil

- (i) No exit load shall be levied for switching between Options under the same Plan within the Scheme.
- (ii) Switch of investments from Regular Plan to Direct Plan under the same Scheme/Plan shall be subject to applicable exit load, unless the investments were made directly i.e. without any distributor code. However, any subsequent switch-out or redemption of such investments from Direct Plan will not be subject to any exit load.
- (iii) No exit load shall be levied for switch-out from Direct Plan to Regular Plan. However, any subsequent switch-out or redemption of such investment from Regular Plan shall be subject to exit load based on the original date of investment in the Direct Plan.
- (iv) Switch of investments between Plans under a Scheme having separate portfolios, will be subject to applicable exit load.
- (v) No exit load will be levied on Bonus Units and Units allotted on Dividend Re-investment.
- (vi) All loads including Contingent Deferred Sales Charge (CDSC) for the scheme shall be maintained in a separate account and may be utilized towards meeting the selling and distribution expenses. Any surplus in this account may be credited to the scheme, whenever felt appropriate by the AMC.

Under the Scheme (s), the Trustee / AMC reserves the right to modify / change the Load structure if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund. The AMC reserves the right to introduce / modify the Load Structure depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations. The Load may also be changed from time to time and in the case of an Exit / Redemption Load this may be linked to the period of holding. Exit load (net of GST) charged, if any, shall be credited to the Scheme. The investor is requested to check the prevailing load structure of the Scheme before investing. The investor is requested to check the prevailing load structure of the Scheme before investing.

Any imposition or enhancement of Exit Load in the load shall be applicable on prospective investments only. However, AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of dividend for existing as well as prospective investors. At the time of changing the load structure the AMC / Mutual Fund may adopt the following procedure:

- (i) The addendum detailing the changes will be attached to Scheme Information Document and Key Information Memorandum and displayed on our website www.licmf.com. The addendum will be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Document and Key Information Memorandum already in stock.
- (ii) Arrangements will be made to display the changes / modifications in the Scheme Information Document in the form of a notice in all the Investor Service Centres and distributors / brokers office.
- (iii) A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.

E. WAIVER OF LOAD

Pursuant to SEBI Circular no SEBI/IMD/CIR No 4/16831/09 dated June 30 2009 no entry load shall be charged for all mutual funds schemes. Therefore procedure for waiver of load for direct application is no longer applicable.
